Event: International Women's Day talk by Dr. Gurudevi Huleppanavarmath

Date:23-07-2022

Time:12 pm

No. of Beneficiaries:104

Under the aegis of Women Empowerment cell of the institute, a lecture on English for employment and empowerment of the lady students was organised Dr.Gurudevi Huleppanavarmath Rtd Professor of English and research supervisor of Rani channamma University , Belagavi was invited Resource Person. While speaking on the occasion, she said, women do not have control over or an access to natural, intellectual and ideological resources. She is disproved of power to take decisions at family level in general and national level in particular. She has been disgrace , humiliated, exploited through the centuries for no reasonable reasons of her in society.

Gender Equality is quite common in all cultures. It is unfortunate that customs and traditions have suppressed her potential energies and creative spirit through ages.The most discussed animal in the universe is women exclaims a staunch feminist writer, Virginia woolf. Women in the past have suffered untold miseries on account the fact that she is just being female. Many a time she was not allowed to born and is killed in the mother's womb. Atrocities on women both at home and outside the home have been common even today. Women's representation in politics is less than 10%. In India she is denied economic independence. Hence her voice is neither heard nor her visibility is felt. She is treated as the second rate citizen . Now it is bounded duty of those who are at the helm of affairs to heed to this fact and empower her in all.

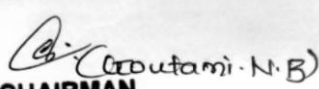

Government and the social reformers have tried their best to enable her to attain status on par with men. As a result of this she is making bold herself to confront several critical issues to become empowered.

Proficiency in communication in English and computer knowledge in and he present context of globalisation. Principal Prof. B. B. Budihal related the history and causes for the start of women empowerment celebration. He gave a clarion call to the lady students and the women faculty to assert their stand when they are right.
